Dear Patient(s)

**Important information about your health services at Kingsway Health Centre and
Bramingham Park Medical Centre, Luton**

This letter is for everyone living at this address who is registered as a patient at either Kingsway Health Centre or its branch surgery, Bramingham Park Medical Centre. Please share it with other members of your household if they are registered at these practice sites.

We are writing to you as Bedfordshire, Luton and Milton Keynes Integrated Care Board (BLMK ICB) are responsible for ensuring General Practice services in Luton. We have been notified by East London Foundation Trust (ELFT), the organisation who currently holds the contract for general practice services at both sites that they intend to end their contract to provide services from Monday 30 June 2025.

The ICB are starting the process to secure a new provider of general practice services at both sites. **Please be assured that most of the staff working at the practice will remain and as a registered patient you do not need to take any action.**

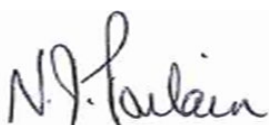

We are working hard behind the scenes with current staff to find a new contract holder and the services will remain at the same locations. There will be no change to your practice and the service that you currently receive.

What happens next?

We will write again with further information before the end of June 2025.

If you have a query or concern, or you would like this information in another format or language, please contact the primary care team by email on blmkicb.coreprimarycare@nhs.net or leave a voicemail message on telephone number 0800 148 8890 and someone will call you back.

Yours faithfully

Nicky Poulain
Chief Primary Care Officer
Bedfordshire, Luton and Milton Keynes Integrated Care Board
